We are writing to urge you to disapprove the plans for a major sports in Sandwich.

This would be a gigantic eye soar for this part of Sandwich and would certainly not be a low impact project needed for that area.

We live in South Sandwich and do all our local activities near Quaker Meeting house Rd. These roads are very conjested during the summer months and this disaster would only add to that.

We did not move to Sandwich 20 yrs ago to be surrounded by this type of development. Please so No to this

Donald & MaryLou Shewchuk
