CAPE COD COMMISSION

June 23rd 2015

Dear Cape Cod Commission:
Build a Marriot Hotel. We need HOTEL due to the fact that we have tourist season + no where to put them. Our rental on the beach are going up for Sale because they can't afford to keep them. Lantern Rd is private and they do not own the road!! Like Pershing Drive it is private and I don't own it at all. Side walk on Queen St is because of the tree destroying the sidewalk. Take the trees down. Seacoast Shore Blvd has more traffic then Main St. We have a Club House bar costing $300.00 a ~~month~~ year for due, Seacoast Shore Assoc has a club House + bar room that why we have traffic. We do not need affordable housing because it is not affordable housing to seniors or disabled person. Our club House went in and told us that our evaluation would go up but didn't at all. Jobs are important on Cape Cod. We torn down the Nimrod restaurant which was Historical building with the Canon ball but Main St is Historical district We need to bring financial back to Falmouth due to the fact that we spent 3 million on windows in older building and 2 high school. We don't know how to save money. Please build us a Marriot, Hotel.

Bertha Manson
