THE NEXT 12 MONTHS

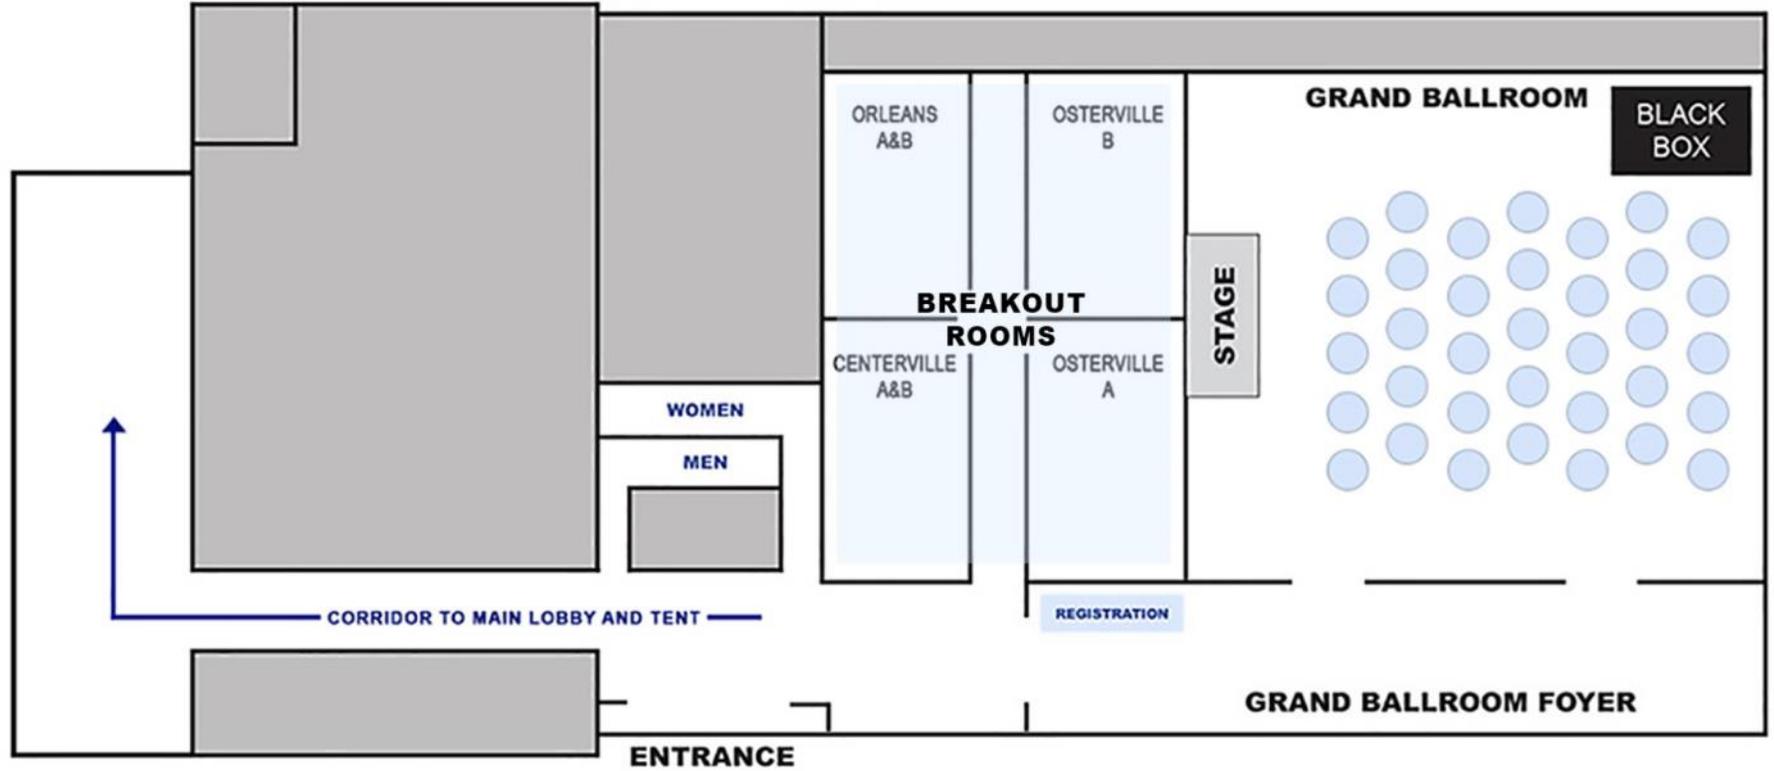

# Breakout Sessions

- **SCENARIO PLANNING** | Osterville B Conference Room  
This session will discuss the scenario planning process, the integration of available tools and resources into planning, and how towns can interface with the Commission to develop watershed solutions.
- **REGULATION** | Orleans Conference Room  
This session will discuss the ongoing efforts to implement watershed permitting and streamline regulatory review.

# Breakout Sessions

- **FINANCE** | Osterville A Conference Room  
This session will provide local examples of successful financing plans, discuss new resources available to communities, as well provide insight into technical assistance that has been available through the County.
- **COMMUNITY ENGAGEMENT** | Centerville Conference Room  
This session will provide an overview of the purpose of community engagement, how to structure successful engagement initiatives, what new efforts were undertaken by the Cape Cod Commission to engage the broad community, and how Orleans adapted the regional approach to effectively engage stakeholders in a local discussion.
