

## CHAS Data Query Tool

[HUD USER Home](#) > [Datasets](#) > [CHAS Data Query Tool](#)

This table generator produces a small number of tables that focus on some of the most commonly used CHAS figures. It is meant to help individuals looking for data for a specific jurisdiction. Start by selecting the appropriate geographic summary level. If you are looking for data for a city, it will probably be under "Place". If your local jurisdiction is a "township" it will probably be under MCD (which stands for minor civil division). Take care to select the correct jurisdiction. Note that all numbers are household counts.

1. The four housing problems are: incomplete kitchen facilities, incomplete plumbing facilities, more than 1 person per room, and cost burden greater than 30%.
2. The four severe housing problems are: incomplete kitchen facilities, incomplete plumbing facilities, more than 1 person per room, and cost burden greater than 50%.
3. Cost burden is the ratio of housing costs to household income. For renters, housing cost is gross rent (contract rent plus utilities). For owners, housing cost is "select monthly owner costs", which includes mortgage payment, utilities, association fees, insurance, and real estate taxes.
