DECISION OF THE CAPE COD COMMISSION

SUMMARY

The Cape Cod Commission (Commission), hereby procedurally denies without prejudice the application of Stephen G. Powers/Pimlico Pines Realty, LLC (Applicant) as a Development of Regional Impact (DRI) in accordance with Section 12 of the Cape Cod Commission Act (Act) and Section 15 of the DRI *Enabling Regulations* (December 2009). This decision is rendered pursuant to a unanimous vote of the Commission on April 29, 2010.

PROJECT DESCRIPTION

As described on the *DRI Application Cover Sheet* submitted to the Commission by the Applicant on February 24, 2010, the proposed development is a mixed use project consisting of 73,059 square feet of commercial space, a 400 square foot wastewater treatment plant building, 9,173 square feet of residential apartments (approximately 8-10 units), and either a 13,000 square foot pharmacy (Option A) or a 26,000 square foot assisted living facility (60 beds) (Option B), in a combination of one and two-story buildings.

PROCEDURAL HISTORY

The Sandwich Zoning Board of Appeals through Mr. Greg Smith, the Director of Planning and Development referred the project to the Commission. The Commission received the referral on December 29, 2009. The project qualifies as a DRI under Sections 2(d), 3(c), 3(e), 3(g) and 3(k) of the Commission’s *Enabling Regulations*.

In accordance with the Act, the Commission is required to schedule a public hearing within sixty (60) days of the receipt of a DRI referral. The Applicant did not submit a completed application to the Commission, and therefore a substantive public hearing could not be scheduled. As such, a Hearing Officer therefore opened a procedural public hearing on February 26, 2010.

On March 17, 2010, the Commission staff received an E-mail from Attorney Jonathan D. Fitch, representing the Applicant, requesting a procedural denial of the project based on a delay in Sandwich’s vote to amend the local Land Use Vision map.

The Regulatory Committee deliberated on the procedural denial request at its April 12, 2010 meeting, where it voted unanimously to recommend that the full Commission procedurally deny the project without prejudice.

JURISDICTION

The proposed project qualifies as a DRI pursuant to Sections 2(d), 3(c), 3(e), 3(g) and 3(k) of the Commission’s *Enabling Regulations* as a mixed-use development proposed to contain 73,059 square feet of commercial space, a 400 square foot wastewater treatment plant building, 9,173 square feet of residential apartments (approximately 8-10 units), and either a 13,000 square foot pharmacy (Option A) or a 26,000 square foot assisted living facility (60 beds) (Option B), in a combination of one and two-story buildings.
