Hi Jon,

As requested, re-sending the email from Emily Holt, below, confirming that the revised site plans which show the additional parking on 122 Waterhouse Road do not change NHESP's prior No-Take Determination. Please note that the plans she references (3/31/2016) were the ones that showed *more* development/disturbance on 122 Waterhouse Road than the plans that Horsley Witten Group sent you yesterday.

Please let me know if you have any questions.

Thanks,

Liza

Levon,

Thank you for submitting the most recently revised site plans (last revised 3/31/2016). The Division has determined that the revised plan does not change our previous determination that this project will not result in a Take of state-listed rare species (Division letter dated July 22, 2015) and that previous determination stands.

Best,
Emily
