*RE: Proposed Cell Tower: Red Brook Road, Mashpee, MA*

*Dear Cape Cod Commission:*

*The purpose of this letter is to send my objections to the Cell Tower location at Red Brook Road, Mashpee Fire Station.*

*The proposed location would be too close to several neighborhoods. The Town of Mashpee has several conservation acres across the street from the proposed location and in the nearby area. The tower would better serve the people of Mashpee if it were re-located well within those acres of land and that a safe distance from any residence be maintained for the health and safety of those residents.*

*Since this is a commercial operation, lets have the Cell Tower company be inconvenienced rather Mashpee's townspeople.*

*Please do not hesitate to call 774-238-0901 or email [decook111@comcast.net](mailto:decook111@comcast.net) with any questions that may arise.*

*Warmest Regards,*

*Diane E. Cook
