

Catharine and John Brennan

38 Fiddler Crab Lane

Mashpee, MA 02649

To the Cape Cod Commission:

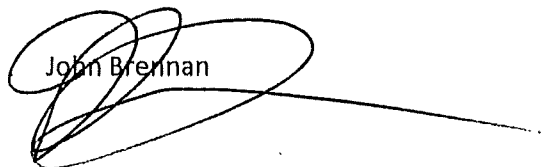

We are writing to strongly support the proposed cell phone tower on the land on Red Brook Road owned by the Town of Mashpee. This new tower is badly needed and will serve the purpose of ensuring the safety of citizens in parts of the town where service is spotty at best today. It will do so without adverse effects on the environment or aesthetics of our beautiful region.

We encourage you to approve this project so that it may begin implementation quickly for the benefit of the citizens of Mashpee.

Thank you for your consideration of our views.

Sincerely,

Catharine Brennan

John Brennan
