To Whom It May Concern:

We are strongly in favor of the installation of a cell tower at the Mashpee Fire Station on Red Brook Rd. We have long felt that the poor and diminishing cell service in the south Mashpee area is a potentially serious emergency service problem in our town. We have many senior neighbors who live in fear of a lack of support in time of need due to this inadequacy. We live within two miles of the tower and travel past the proposed installation area frequently, and it clearly presents no negative impact in our area. We look forward to its prompt installation. Thank you.

Sincerely,

Patricia and Thomas Brennan
