

To: Cape Cod Commission

Re: Cell Tower Proposal Mashpee Red Brook Rd

Friday the Mashpee Enterprise published the Town Meeting Warrant for the October Town Meeting. Article 14 on the warrant is a request from the Mashpee selectmen to have this property in the proposal by Blue Sky Tower rezoned to be included the Mashpee Wireless Facility Overlay.

This warrant confirms that this property is in fact not zoned for a cell tower. Unfortunately, the original information the Cape Cod Commission received from the Mashpee Town Planner Evan Lehrer was erroneous. As our previous letter and David Maxson highlighted in his report.

In light of the verification of the current zoning we accept the Cape Cod Commission will deny the Blue Sky Proposal at this time.
