GENERAL SURGERY

LAPAROSCOPIC SURGERY

8/27/2018

Dear Cape Cod Commission,

I write to support the "Wireless
Monopole / Mashpee Fire station #2 project.

I retired two years ago and now
live in New Seabury area of Mashpee.
There is essentially no cell phone coverage at
my house, the various beaches, or many areas
of the golf course. If my wife or I have a
medical emergency, it is unlikely we would
be able to contact "911". This is an issue of
public safety since in the current times we all
rely on our cell phones for communication.

At some point public safety becomes more
important than "not in my back yard".

Sincerely,

Dr & Mrs William Goodman
