

August 31, 2018

Project Name: Wireless Monopole, Mashpee Fire Station #2

I strongly support construction of the Wireless Monopole. I have been a condo owner with my wife in Pool Villas Mews 5A in New Seabury since 2002.

Cellphone service is very poor to non-existent. I believe it is essential for both safety and convenience to have adequate cellphone service in 2018 and the years ahead.

Thank you very much,
