I just read today's My View. I have to agree wholeheartedly with Patricia Stebbins on this issue. A sports complex on Cape Cod is a really bad idea. I don't live in Sandwich but I do live further down the Cape and I occasionally need to go off cape and it's bad enough now but to add an attraction like this is going to reek havoc with our traffic problems. Also, I a don't believe it will support itself, it seems much too grandiose. I am not against growth and creating jobs but this is not what we need.

Thank you in advance for your consideration in this matter.
