Subject: Golden triangle

Please review carefully the Sandwich selectmen's plans for the Golden Triangle. It seems to be very inappropriate for this environmentally sensitive area. This is a very important concern for not only Sandwich but for the entire Cape.

The selectmen are unconcerned with any citizen's questions and think they are the ultimate voice of authority. They are not concerned about the Cape and the potential damage that could result from this project.

We are concerned about wastewater, water quality, traffic, cost to the environment by the removal of the thousands of trees and the continued disruption of neighborhoods.

Thank you,
James Lucas
