Subject: Sandwich Sports Complex

Good day---

I am writing to express my concern over the magnitude of the Sports Complex that is being built in Sandwich. I believe that I am overwhelmed by the size and plan for the development of this land which is so near to residential communities on streets that are already so busy. What really made me saddest about it was the enormous areas for parking and what looked like nothing green or alive planned in their area! I am thinking of all the chemicals that will be used on the fields and have not heard of any efforts to try to make their buildings at all green. There could even be room for a solar area for power. Please help us do this right if it is going to happen.

Thanks

Carol

I will try to make the meeting on the 28th---work....
