I am writing in regards to the South Sandwich Village Sports & Convention Complex. I am a resident of East Sandwich, and have been here for 5 years. Sandwich has the highest tax rate on the cape and it's time for that tax base to be lowered.

The proposed project, in my opinion, is an incredible idea. Clark Consulting LLC is a professional company with many previous, successful developments. The complex will bring many people to Sandwich and to surrounding towns as well. I know many families who travel all over New England and into New York to participate in these youth sports events. These families have to stay in hotels, eat in restaurants, purchase gas, and entertain themselves during off play time. That area of Sandwich is perfect for all of those. There are several restaurants, gas stations and even a movie theatre.

In addition, if the tournaments are done during warmer weather, families have the potential for staying for additional time and enjoy the incredible beaches and tourist attractions that Cape Cod has to offer. As a tourist destination, the towns on Cape Cod are more than able to handle additional vehicle and people traffic. With that comes income and that is always a good thing.

I urge you to think favorably about the South Sandwich Village Sports & Convention Complex.

Thank you for your time.

A handwritten signature in black ink that reads "Lois Wack". The signature is fluid and cursive, with a long horizontal line extending to the right.
