Re: South Sandwich Village Sports & Convention Complex
Development Agreement

Dear Sirs:

We are writing this letter as a residents of Sandwich who lives in a neighborhood bordered by Cotuit Road, Rte. 130, and Quaker Meeting House Road. Many of my neighbors have grave concerns about the scope and size of this development and the impact it will have on our quality of life in Sandwich.

After a great deal of research on similar sports complexes, including Dan Duquette's Sports Camp in Hinsdale Massachusetts, there is reasonable certainty that this complex will add approximately 1200 cars per day during Tournaments - held weekly throughout the year as indicated by the attached schedule from Dan Duquette's Sports Camp in western Massachusetts. As the access roads will be located on the same streets that border my neighborhood, the increase in traffic will make it difficult for us to travel out of the area and for emergency vehicles to gain access. Our specific area is already the most heavily traveled in the town. Because of the location of my neighborhood, there are already many cars that cut through from Cotuit Road to Quaker Meeting House Road. About 200 families live in my neighborhood, many with young children. The congestion that this development will bring creates hazardous conditions for this area. Although speed limit signs are posted, they are often ignored.

Last weekend (Memorial Day) was a great one for tourists in our area. On Monday afternoon into Monday evening, the traffic was backed up to Exit 6 on the highway heading toward the Sagamore Bridge. This is to be expected by any of us who live in the area. What is not as publicized is that the traffic was also backed up through the area of Barnstable into Sandwich. Race Lane, Boardley Road, and John Ewer Road were also backed up with many travelers trying to take side roads to avoid the congestion on the highway. All of these side streets feed into the Cotuit Road, Quaker Meeting House Road, and Rte. 130 area. Subsequently, the traffic around our neighborhood moved only very gradually for a period of about 2 hours. Our concern is that traffic from the proposed Sports Complex can only make the gridlock worse. Certainly the developer will try to ease the traffic through infrastructure improvements. However, we are the most populous area of Sandwich and there is little room for additional roads or even the widening of roads without changing the character of the area. As many tournaments also include night games, the lights of the fields will also have an effect on our nearby neighborhood.

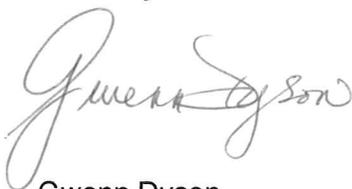

Our next concern is the issue of waste water. We have reviewed the proposal that was submitted by the Clark Group and do not see a detailed plan for the discharge and disposal of waste water. The development will include seven playing fields. That means that grass must be maintained through fertilization and watering. If artificial turf is used, the maintenance will require large amounts of water wash off. Two pools are planned for the complex which will require disposal of chlorinated water. The hockey rinks will require maintenance with a continuous skimming and refreezing of the surface. Finally, the two hotels will, of course, have to supply water to people staying there or visiting. The plans that we have seen to date do not adequately address the use of the town's municipal water supply, nor the waste water issue.

The impact on our infrastructure and environment in and around the local neighborhoods is greater than the developers have indicated. Please see the attached maps to see the density of population and streets that will be vulnerable to greatly increased traffic.

In addition, if the Clark Group does not decide to replace the Pop Warner Field on Quaker Meeting House Road, they will avoid the full Massachusetts Environmental Protection (MEPA) review and that clause appears to be an incentive to avoid rebuilding the Pop Warner Field in another location. The new development is not for the local populace. Sandwich youth will not have access to the field proposed unless they are paying customers. The loss of the Pop Warner field will further reduce the number of outdoor activities that our local youth can participate in.

None of our neighbors are against some development in the area of the Golden Triangle. But this proposal does not fit the character of the town, provides no benefit to the youth living in Sandwich, puts increased strain on infrastructure and environmental areas. We respectfully ask that the Cape Cod Commission prevent this development from moving forward as it is presently proposed.

Sincerely,

Gwenn Dyson

How Do I Enroll My Team

Coaches can reserve a guaranteed spot for your team with payment of the team fee: \$725 for most Weekend Tournaments / or \$850 for Memorial Day & Holiday Tournaments. Payments for the per person weekend fees are not due until one month in advance of each event, which allows teams and families plenty of time to plan and fundraise. Space is limited - so we strongly suggest that you plan ahead and reserve your space early. Payment of your team fee is a firm commitment to attend the tournament and is none refundable.

For more information or to register your team, Call Alec Maurer at (413) 329-4449 or (413) 655-8521.

Who Can Participate

Our tournaments are open to all teams: AAU, American Legion, Babe Ruth, Cal Ripken, Independent, Little League, Pony, Senior Babe Ruth, and Travel teams who meet the age requirement for each tournament.

2012 Age Determination Chart

Match the month of your birthday with the year in which you were born. Follow the row over to the AGE column to determine your age group for 2012.

Spring & Summer Tournaments: The age of a player on April 30, 2012 will be their eligibility age for spring and summer tournaments up thru August 19th..

Fall Tournaments: All Fall (Sept & Oct) Tournaments will use April 30, 2013 as the cut-off date. This means that players will "move up" one age group for the fall season.

Example: A player born in September of 1999 will play in the 12U age group for the spring and summer tournaments but would "move up" to 13U for the fall tournaments.
