Re: Hearing - South Sandwich Village Sports & Convention Complex Notice of Intent to File a Development Agreement

Dear Cape Cod Commission,

We are in favor of carefully planned and responsible development of the South Sandwich Village Center (SSVC) property. To be successful, the current proposal for SSVC will require a coordinated and balanced approach to environmental protection and economic progress -- which is precisely why it's appropriate for a Development Agreement.

Please accept the recommendation to review this proposal and any future application related to it.

Thank you,

Ed and Kathy Siranosian
