It has been brought to my attention that the attached communication was made to you by Brian Currie, Falmouth Town Planner, concerning my 7/23/15 letter to you attached.

At the Falmouth Historical Commission meeting 7/15/15 a discussion took place about the Marriot proposal. The Historical Commission thought it was too big and unsuitable for the historic character of the neighborhood. I asked the Historical Commissioners whether it might be appropriate for me to write to the Cape Cod Commission informing them of that sentiment. Commissioners agreed.

I sent the letter.

The letter speaks for the Falmouth Historical Commission.

By the way your website refers to me as "McDonald". My last name is "Donald". Kindly make the correction. Thanks.
