Hi Jeff,

Someone came into our office today and requested a copy of the entire DRI Application that was submitted to your office for SpringHill Suites. She said the latest Cape Cod Commission hearing, the commission made a statement that they could review the documents at our office. We do have a copy of the application binder at our office that she looked through. Do you happen to have electronic files of the plans? There are 15 sheets. Please let me know.

Thank you!

Sincerely,
