Re: Springhill Suites by Marriot, 556 Main Street, Falmouth, MA

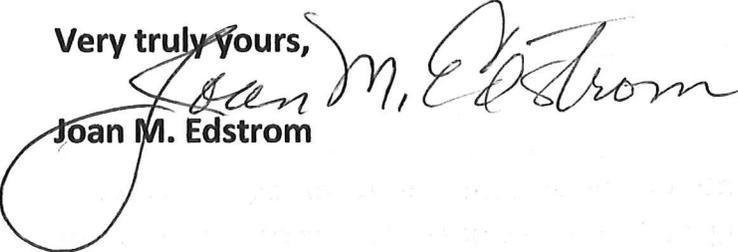

Dear Members,

As a long-time resident of Falmouth and one who is interested in the preservation of the values which helped found this community, I write to ask that your group reconsider the results of the faulty (in my opinion) traffic study conducted for this potential business.

The study used as a model the building at 556 Main street which currently houses a group of antique shops, and it is clearly not a shopping center : it houses two businesses which cannot possibly generate the number of trips mentioned; however, if a hotel is put on that property, it will certainly generate several hundred trips per day and the resulting traffic congestion will encourage hotel guests to avoid the traffic and to cut through Lantern Lane disturbing the peace and tranquility of that neighborhood.

If we are to protect the rights of the residents of our town, I ask that you take another look at the issues surrounding the traffic problems that will result from the construction of this business.

Very truly yours,
