Subject: Marriott hotel falmouth

To whom it may concern:

I would like to voice my opposition to the proposed Marriott hotel in Falmouth. The hotel would be a burden to the already congested traffic on Main Street and the scale of the structure would dominate the surrounding area, there appears to be no consideration of the negative impact to the surrounding residential neighborhoods tranquility or property values should this hotel proceed. There might be a need for additional rooms in town, but not at this location and at what cost to the already existing B&Bs and motels trying to stay in business. I don't feel that the hotel will contribute to the local economy as most of the potential jobs will be low paying and the profits will be siphoned out of the local economy.

Please use your power to stop this hotel from being built at this location and protect and preserve our way of life in Falmouth this is not about being anti business it's about inappropriate location.

Thanking you in advance for your time and consideration regarding this issue.
