Subject: Falmouth Springhill Suites by Marriott

Dear Commissioners -

I would like to express my concern of the Marriott proposal for Main Street, Falmouth. Your decision should be based on the benefit over detriment. The proposal is not a benefit to the town of Falmouth, but a benefit to the corporation. The property in that location should be used to fill the needs of the town, which includes public housing, retail space, green space. The town would not benefit in any way by the proposed Marriott in these factors.

The people have expressed their negative opinion on this project by signing petitions and using their voices at meetings. There have been VERY few expressing positive comments.

Please consider our Falmouth selectmen's letter to the commission to deny this project. It expresses the will of the majority.

Sincerely-
Margaret Sulanowski
