CAPE COD
COMMISSION

Call to Order/Potential approval of the DRAFT minutes of January 12, 2018

Federal Fiscal Years 2018 Unified Planning Work Program (UPWP) Amendment #1: The Unified Planning Work Program (UPWP) identifies transportation planning studies and tasks on Cape Cod that will be completed in the current Federal Fiscal Year. These studies and tasks include data collection, and planning studies (such as corridor studies, travel surveys, and safety studies). Cape Cod Commission staff propose to add a Route 6 corridor study in Eastham (from Old Orchard Road to the Wellfleet Town Line) to the current 2018 UPWP. The proposed Route 6 corridor study in Eastham would align with the Eastham District of Critical Planning Concern recently approved by the Cape Cod Commission. The Cape Cod Joint Transportation Committee may vote whether to recommend to the Cape Cod Metropolitan Planning Organization that they endorse the Amended 2018 UPWP as described by Cape Cod Commission staff. – Glenn Cannon, Cape Cod Commission Technical Services Director

Federal Fiscal Year 2019 Unified Planning Work Program (UPWP) Development: The UPWP is a list of transportation planning projects scheduled for funding and implementation as outlined in the Federal Fiscal Year (FFY) 2019 (October 1, 2018 to September 30, 2019) UPWP document. Cape Cod Commission staff will give a presentation outlining potential planning projects to be included in the FFY 2019 UPWP. The Cape Cod Joint Transportation Committee will discuss potential UPWP projects. - Glenn Cannon, Cape Cod Commission Director of Technical Services

Complete Streets Policy: Cape Cod Commission staff will update the Cape Cod Joint Transportation Committee on progress the Cape Towns are making relative to the Massachusetts Department of Transportation (MassDOT) Complete Streets Program and review Complete Streets programs currently underway on Cape Cod. MassDOT provides a Complete Streets Funding Program to further the understanding and development of Complete Streets on local roads across the Commonwealth. A Complete Street is one that provides safe and accessible options for all travel modes –walking, biking, transit, and motorized vehicles –for people of all ages and abilities. The Joint Transportation Committee will discuss the MassDOT Complete Streets Program. – Lev Malakhoff, Cape Cod Commission Transportation Planner

Massachusetts Department of Transportation Update: The Massachusetts Department of Transportation (MassDOT) staff will present and discuss with members of the committee the status of MassDOT projects currently in the planning process including the Federal Fiscal Years 2018-2022 Transportation Improvement Program (TIP) projects. The TIP is a recommended list of transportation projects to be advertised and eventually constructed using MassDOT, Federal Highway Administration and/or Federal Transit Administration funding. – Pamela Haznar, P.E., MassDOT District 5 Projects Engineer
