

Transportation Improvement Program

(TIP) DEVELOPING THE TRANSPORTATION CAPITAL PLAN FOR CAPE COD

What is the TIP?

The Cape Cod Metropolitan Planning Organization's (MPO) transportation capital plan, the Transportation Improvement Program (TIP), lists major transportation projects planned in the next five years.

The MPO is made up of eleven voting members with representatives of state agencies, regional organizations, and Cape Cod towns. Discussions at MPO meetings help to establish a preference for which projects are funded through the TIP. Members of the public are welcome and encouraged to attend these meetings and voice opinions.

How to Get Involved

FUNDING

Funding comes from a combination of state and federal sources, and totals more than \$200 million over the five-year plan.

TYPICAL PROJECTS

Typical projects include reconstruction of existing intersections or road-ways, construction of new multi-use paths, and purchase of new buses to support regional bus service. Projects are designed to address safety and congestion concerns for all transportation modes, including vehicle, transit, bicycle, and pedestrian travel.

POTENTIAL PROJECTS

The following page presents a list of projects currently considered for the Federal Fiscal Year 2021-2025 TIP.

TIP Project Selection

Local officials and the public are encouraged comment on the project list to help the MPO in its decision-making process. All community members can help prioritize projects identified for possible funding. There are many ways to provide input, including attending an MPO meeting or submitting a written statement to colleen.medeiros@capecodcommission.org or P.O. Box 226, Cape Cod Commission, Attn: Transportation, Barnstable, MA 02630.
