Regional Policy Plan
Effective April 29, 2002
Cape Cod Water Resources Classification Map II

Marine Water Recharge Areas:
- Watershed where critical load has been determined or where there are documented water quality problems.
- Watershed where critical load has not been determined.
- Watershed delineation
- Sub-watershed
- Town boundary
- Mass. Military Reservation Boundary
- Road

Data Sources:
- Marine Water Recharge Areas: Delimited by CCC Water Resources Office under the Cape Cod Coastal Embayment Project (see Technical Memorandum: Nitrogen Sensitivity and Prioritization of Cape Cod Embayments, August, 1996 for more details.)
- The Cape Cod Coastal Embayment project was partially financed with Federal Funds from the Environmental Protection Agency to the Department of Environmental Protection (FY9: 319 Project 93-10).
- Non - digital data was automated by the Cape Cod Commission GIS staff using the ARC/INFO GIS software.

*The map was produced by the Cape Cod Commission’s Geographic Information System department at the Regional Policy Plan office, scheduled January 16, 2002, effective April 29, 2002, with any amendments listed below.

Connections are available at the Cape Cod Commission office.
