Dear Ms. Simon:

CBRE is writing on behalf of Eco-Site to solicit your comments on a proposed telecommunications facility at the above referenced address. As the Project is a federal undertaking regulated by the Federal Communications Commission (FCC), it is being reviewed under Section 106 of the National Historic Preservation Act for its impacts to historic architectural and archaeological resources.

The proposed facility will consist of a 135-foot monopole and associated support equipment to be located within a 50-foot by 50-foot fenced compound.

Please do not hesitate to contact me with any questions. Thank you for your time and attention to this matter.

Sincerely,

Laura L. Mancuso
