

Dear Ms. Senatori,

Thank you for the opportunity to submit a letter of interest to become a member of the Barnstable County Economic Development Council.

Participating in the economic health of Cape Cod and the Islands is important to me. Wage growth, workforce management, environmental concerns as well as demographics and composition of the society that make Cape Cod are especially changing dramatically. I would like to be part of a solution rather than sit on the sidelines.

Currently I am involved personally in Real Estate development and management, Retail/Wholesale Consumer Products, and a Café business. I support crafters with free rent space as well as guide them on product selection and margin performance. I actively work with other local businesses to create place making opportunities to invite more consumers to the area. Additionally, as executive director of the Bilezikian Family Foundation, I am grooming a 3rd generation of entrepreneurs and philanthropists and working with nonprofit organizations throughout the Cape and Islands.

- *Opened and Manage Small business
- *Large Company Experience
- *Negotiate Contracts, Lease, Settlements, Conflict resolution
- *Fisherman/Environmentally Minded
- *Active Philanthropist Cape Cod and Islands focused

My values are focused on the wellbeing of others. I am father of 4 grown healthy children. I would like to contribute to the future health of the community that gave so much to my life and my family.

Greg Bilezikian
