Dear Cape Cod Commission Staff and Board Members,

I am writing to urge you to use your authority to complete the review of Island Pickle®, Cape Pickle LLC's indoor Pickleball and Golf Complex at 51 Evergreen Circle, Mashpee, in a timely yet thorough manner, and approve quickly so that the public can benefit from this facility beginning next summer.

The applicant is a local Cape Cod resident and owner of a small family run cafe in Osterville. Island Pickle will provide a much-needed recreation complex to Cape Cod residents who do not have access to such a facility of scale today. The operational benefits to the local Cape Cod community are far reaching; Introduction of the game to new players, competitive play for established players, family fun, not to mention the benefit to local town officials to provide an indoor play solution that may reduce outdoor play noise and mitigate neighbor issues on currently established outdoor parks across upper and mid Cape Cod.

Please use your authority as members of the Cape Cod Commission to quickly approve the DRI review so the process of local town permitting at the Town of Mashpee Offices can commence on this well-conceived project, and allow construction to begin in short order.
