

# CAPE COD RAIL TRAIL – PERMANENT COUNT STATION BREWSTER

## Count Station Basics

- Located west of Underpass Road
- Installed in June 2019
- Part of the [MassTrails Bicycle/Pedestrian Counts Pilot Program](#)
- Utilizes infrared sensors and induction loops
- Data remotely updated each day

## 2020 Data Summary\*

- Over 250,000 trail users were counted
- On several days, counts exceeded 2,500 trail users
- Overall, counts were up 39% from 2019 for comparable months (July-Dec)
- In the comparable off-season months (Oct-Dec), counts more than doubled
- Bicyclists accounted for 70-75% of trail users
- Data available online (select CCRT location): <https://datacapecod.com/cape-cod-traffic-trends/>

\*Data from MassDOT through the MassTrails Bicycle/Pedestrian Counts Pilot Program. Values have been adjusted by the Cape Cod Commission to account for counter malfunctions. Values may be adjusted as new data becomes available and are subject to change following additional calibration.
